It is simple to convert the pack to Unity render pipelines.

To convert our custom shader to URP or HDRP, please download [Polygonmaker Shader](#) and unpack "Shaders URP"

For standard shaders to HDRP you can follow this video:

## Mobile Use

### MESHES

Our LODs are handmade, thus they can be used as main LOD without losing much of the quality. Use LOD1 or LOD2 depending of your budget, for example LOD0 for FPS games, LOD1 for third person games or LOD2 for RTS games.

### MATERIALS

Change from Standard to Mobile Diffuse or Bumped depending of your budget.

### TEXTURES

Set the Max Size according your budget, for example 512 for third person games or 256 for RTS games.
